D.T.E. 05-35

Respondent: Theodore Poe, Jr.

Date: August 23, 2005

Information Request D.T.E. 1-23

- Q. Will revisions be made to Exhibit TEP-2 to reflect the increased capacity of 12,700 MMBtu/day referred to in the supplemental prefiled testimony of Theodore E. Poe, Exhibit TEP-3? Please provide the revised pages, if available.
- A. Exhibit TEP-2 does not include the Tennessee ConneXion transportation capacity. Exhibit TEP -2 is intended to demonstrate the capacity need that the Tennessee ConneXion Project will address. The required volumes are identified in the line labeled Other Purchased Resources on Exhibit TEP -2.
